The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. ENGLISH WOMEN MUST FEED ARMY.

A break-down in home supplies is probable unless women work in the fields in England. This is the statement of the secretary of the treasury, Hon. Francis Dyke Acland.

The danger point of decreased production has already been reached, and England is learning what every other warring nation learns, that when men are defending the country women must defend the home and support the men. How unjust and foolish to deny women an equal voice in government when they equally contribute to its stability.
